* Voice data is only collected when voice control is activated by the user.

²Subject to statutory or regulatory retention periods or the data subject's legitimate interests in longer storage.

7. Data processing by DriU providers – further information

Components of this product originate from third-party providers with independent data processing:

Provider	Headquarters	Branch within the European Union/Europe	Privacy policy
TiVo Platform Technologies LLC	TiVo Platform Technologies LLC, 2190 Gold Street, San Jose, CA 95002, USA	DTS International Services GmbH, Maximiliansplatz 22, 80333 Munich Email: dataprotectionofficer@xperi.com	Xperi Legal Centre

As the distributor, TechniSat Digital GmbH ensures that these system components are technically compatible. However, responsibility for any further data collection and processing lies with the respective providers.

By virtue of an adequacy decision by the European Commission, the United Kingdom and the United States (provided that the providers are certified under the EU-US Data Privacy Framework – Xperi Inc. as a subsidiary of TiVo Platform Technologies LLC and TiVo Platform Technologies LLC itself are certified in this respect) are to be regarded as equivalent to the level of protection prevailing within the EU internal market in terms of data protection law.

TechniSat Digital GmbH also points out that it has only very limited influence on data retrieval and data storage outside Europe. If data is stored outside the local infrastructure of your device, this may be done on the servers of the platform provider, i.e. TiVo Platform Technologies LLC (USA).

8. Information for business customers (B2B) and distribution partners

In the event of resale or integration into their own solutions, business customers and distribution partners are obliged to pass on this information to their end customers in good time prior to the conclusion of a contract, provided that these devices are considered "connected products" in accordance with Art. 2 No. 5 of the Data Act (Regulation EU/ TechniSat Digital GmbH will provide you with a digital version of this information sheet for integration into your systems upon request.
